WARRANTY CERTIFICATE
Thermostop Glace-Guard Mark, Glace-Guard Slider,
Glace-Guard Armorflex, Glace-Guard Entrance

1. General warranty

The Thermostop Glace-Guard Mark, Glace-Guard Slider, Glace-Guard Armorflex, Glace-Guard Entrance doors and hardware carry a warranty of one (1) year, from the date of delivery, against any defects or faulty workmanship.

2. 10-year warranty against perforation due to rusting

Concerning the polyurethane insulated panels made with *white* pre-painted steel or *white* pre-painted aluminum skins, THERMOSTOP offers a ten-year warranty against peeling, cracking or rust, under normal environment conditions, i.e. environment that is free of corrosive matters (high pollution, salt air, toxic vapor, etc.). This warranty is on a proportional decreasing basis over 10 years, at 10% per year.

3. Warranty against delamination

a) *white* pre-painted steel or *white* pre-painted aluminium insulated doors

THERMOSTOP INC offers a 5-year warranty against delamination, from the date of delivery, on *white* pre-painted steel or *white* pre-painted aluminium. This warranty is on a proportional decreasing basis over 5 years, at 20% per year. This warranty does not apply to steel or aluminum skins to be shop or site painted in color (other than white), either by THERMOSTOP, or by the distributor, or by a third party.

b) Color shop or site painted insulated doors

THERMOSTOP INC offers a one-year warranty against delamination, from the date of delivery, on steel or aluminum insulated doors or aluminum panel doors, shop or site painted in color (other than white).

Please note that any dark coating on insulated doors or aluminum panel doors, is not recommended and may invalidate the warranty if the door is exposed to direct sunlight for extended periods of time. Dark coatings absorb and retain the heat and may lead to delamination or to peeling of the paint coating.
